Pie Charts

1. Legend Labels

You can display the Legend label next to each slice by doing the following:

```
pieChart2DProperties.setPieLabelType( PieLabelType.LEGEND_LABELS );
```

Pie Chart Value Labels

2. Value Labels

You can display the Value of each slice by doing the following:

```
pieChart2DProperties.setPieLabelType( PieLabelType.VALUE_LABELS );
```

Pie Chart Value Labels

Note:
The ability to display the percentage of each pie slice is not supported in this release. You could get around this by either modifying the source ;), or by calculating this yourself and setting the values in the pie as the values to plot.
